PHILIPS

Steam generator iron
Max 4.2 bar pump pressure 160 g steam boost, 1.7 L fixed water tank

GC7011/20

Highlights

100% easy to use

100% easy to use, no adjustment required. You can now iron all ironable garments one after the other, without having to wait or to adjust the iron's temperature dial.

100% safe

100% safe on all fabrics even the most delicate like silk, cashmere, wool, polyester. Independent iron testing institutes have used PerfectCare on the most sensitive ironable garments and they confirmed the excellence of ironing results.

100% efficient

100% efficient on the toughest fabrics, you can now iron 2 times faster.

Tested & approved by experts:

This iron is tested and approved by independent textile experts institutes.

1.7 L large water tank

Philips steam generator iron has 1.7 L water tank, for continuousely ironing more than 2 hours without refilling the water tank. It is ideal for the big ironing loads.

Continuous steam up to 100 g/m

Continuous steam output up to 100 g/min thanks to the small amounts of water that are pumped into the boiler each time. For perfect and fast crease removal.

Safe rest

The comfortable design of the iron facilitates comfortable ironing by putting less strain on the wrist. The iron design also prevents the repetitive movements caused by placing an iron on its heel. You can rest the iron on its soleplate on the ironing board cover, it is always safe.It will not cause the damage neither on your ironing board or ironable garments

Smart Calc clean system

A clean reminder is to ensure that descaling and cleaning is done regularly. A second defense step to protect the steam generator from scale is integrated: the steam function gets disabled if descaling is not done after 1 hour steam ironing once the reminder came up. After descaling is done, the steam function will be restored. This takes place regardless of the type of water used. In order to perform Calc clean effortless, a smart calc clean container is provided to place the iron without holding the iron over the sink for 2 mins; After that, your steam generator iron is ready to use again.

Steam boost up to 160 g

The iron's 160 g steam boost enables you to easily remove even the most stubborn creases.
